

DESCRIPTION

Colorless, transparent cream wax. Fixes, enhances and protects the finishing effect of Chalk Paint. It provides a pleasant touch.

RECOMMENDED USES

For the protection of all types of substrates painted with Chalk Paint.

TECHNICAL FEATURES

Vehicle: Wax.

Density: 0.84 ± 0.05 g/ml

Color: Colorless.

Drying: 2-3 hours.

Theoretical Yield: 4-6 m²/l

Application: Brush, brush, cloth.

Cleaning: Mineral turpentine.

Packaging: 250 ml

APPLICATION

Clean the surface to remove dust, grease and dirt in general.

Apply with a brush or cloth. Once it is dry, polish it with a cloth until the desired shine is achieved. Can It can also be used between two layers of colour to achieve certain pickling effects.

REMARKS

The characteristics of the product are obtained once it has been completely dried and cross-linked, as well as applied to the specified substrates.

Consumption is theoretical and depends on the state of the support.

The data reviewed here are based on our current knowledge, laboratory tests and their practical use in specific circumstances through subjective judgments.

Due to the impossibility of establishing an appropriate description for each nature and condition of each surface, it is impossible for us to guarantee total reproducibility in each specific use.

Unless otherwise specifically agreed in writing, both the manufacturer and the seller do not assume any liability arising from the use of our products, for the results, damages, etc., that may arise in applications made in accordance with our recommendations, as these are beyond the control of the company.

SHELF LIFE AND SHELF LIFE

Store the container tightly closed, indoors, away from heat sources and at a temperature between 5 and 30°C
The shelf life of the product in its original, unopened packaging is 36 months.

SAFETY & ENVIRONMENT

Do not ingest the product. Keep open containers out of the reach of children. Before using the product, read the instructions on the package carefully. For more information, see the product's safety data sheet. Do not pour into drains or into the environment. Any leftovers should be taken to a recycling centre.

The data indicated in this data sheet may be changed without prior notice.
